

An Other Authorized User (OAU) can assist with proposal preparation but is not part of the proposal's senior personnel. An OAU may be added to work on a letter of intent, proposal, or proposal file update/budget revision. For information about adding the OAU role, please visit the Research.gov [About Account Management](#) page.

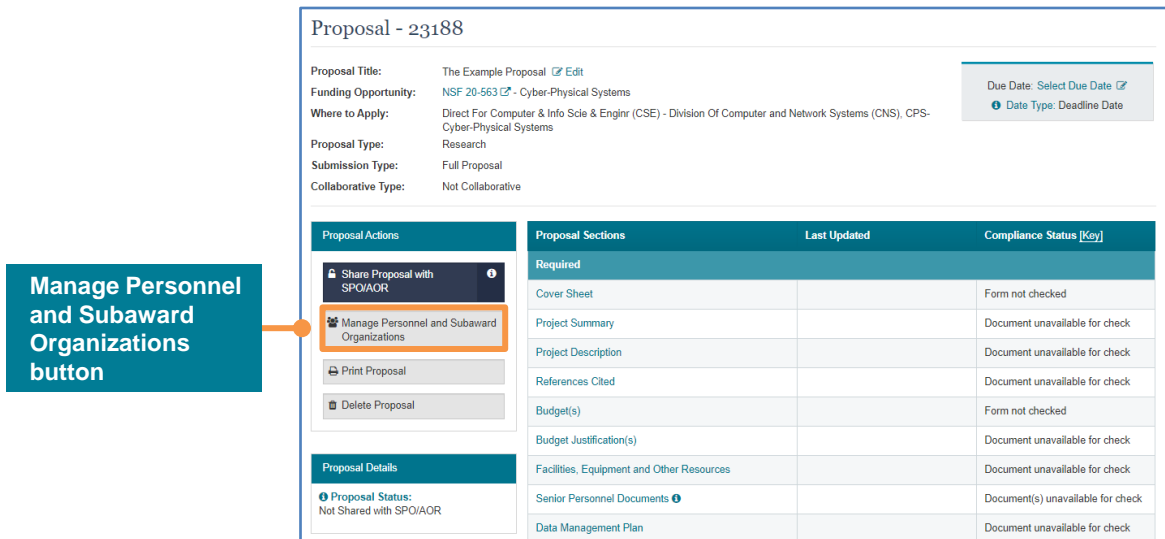

An individual with the OAU role can perform all proposal preparation functions except:

- Initiating a letter of intent, proposal, or proposal file update/budget revision
- Sharing a letter of intent, proposal, or proposal file update/budget revision with the Sponsored Project Office/Authorized Organizational Representative
- Deleting an in progress letter of intent, proposal, or proposal file update/budget revision
- Withdrawing a submitted letter of intent or proposal

i A PI/co-PI on a proposal cannot add themselves as an OAU. If a PI/co-PI needs to remove their PI/co-PI role and become an OAU, they can share the proposal with edit rights with the AOR and then request that the AOR add them as an OAU.

- **Automated Proposal Compliance Checks**

Automated proposal compliance checks triggering an error message will stop proposal submission to NSF, whereas checks triggering a warning message will still allow proposal submission. Expanded compliance checking in Research.gov helps to reduce administrative burden for the research community and NSF staff, as well as minimizes return without review proposals. Refer to the [Automated Compliance Checking of NSF Proposals](#) page for the current automated Research.gov proposal checks.

- **Adding and Managing User Roles**

To request a user role, please see the [Add a New Role job aid](#). After a user role is requested, the organization's Administrator will receive the request electronically to approve or disapprove it. Additional information about adding and managing user roles can be found on the Research.gov [About Account Management](#) page.
