

- The **Proposal File Update/Budget Revision** feature is used to prepare proposal file updates and budget revisions until the proposal due date (if any) has passed or NSF has assigned reviewers. After that point, only budget revisions can be submitted until NSF makes a funding decision for the proposal.
- Refer to the NSF [Proposal & Award Policies & Procedures Guide](#) (PAPPG) *Proposal File Updates* section and *Revisions to Proposals Made During the Review Process* section for requirements.

Accessing the Research.gov Proposal Submission System:

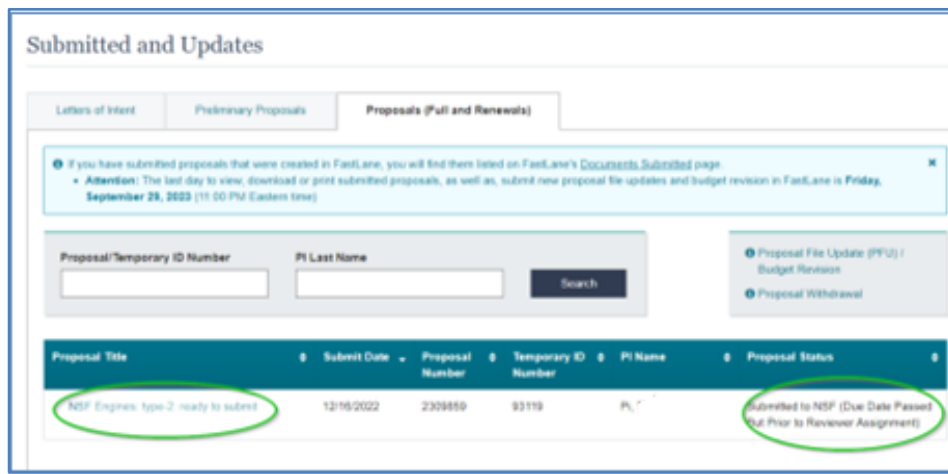

- Open [Research.gov](https://www.research.gov).
- Click Sign In located at the top right of the screen to enter credentials.
- From the Research.gov homepage, select the **Prepare and Submit Proposals** link under Proposals.
- You will be navigated to the proposal preparation landing page.

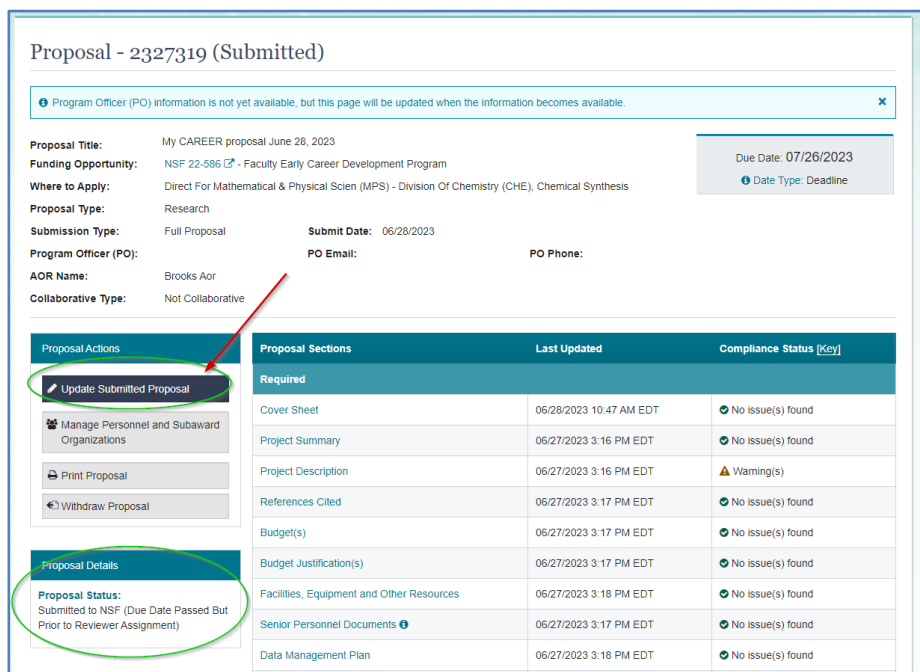

- 1 Click the **View/Update Submitted** button and select **Proposals (Full and Renewals)**.

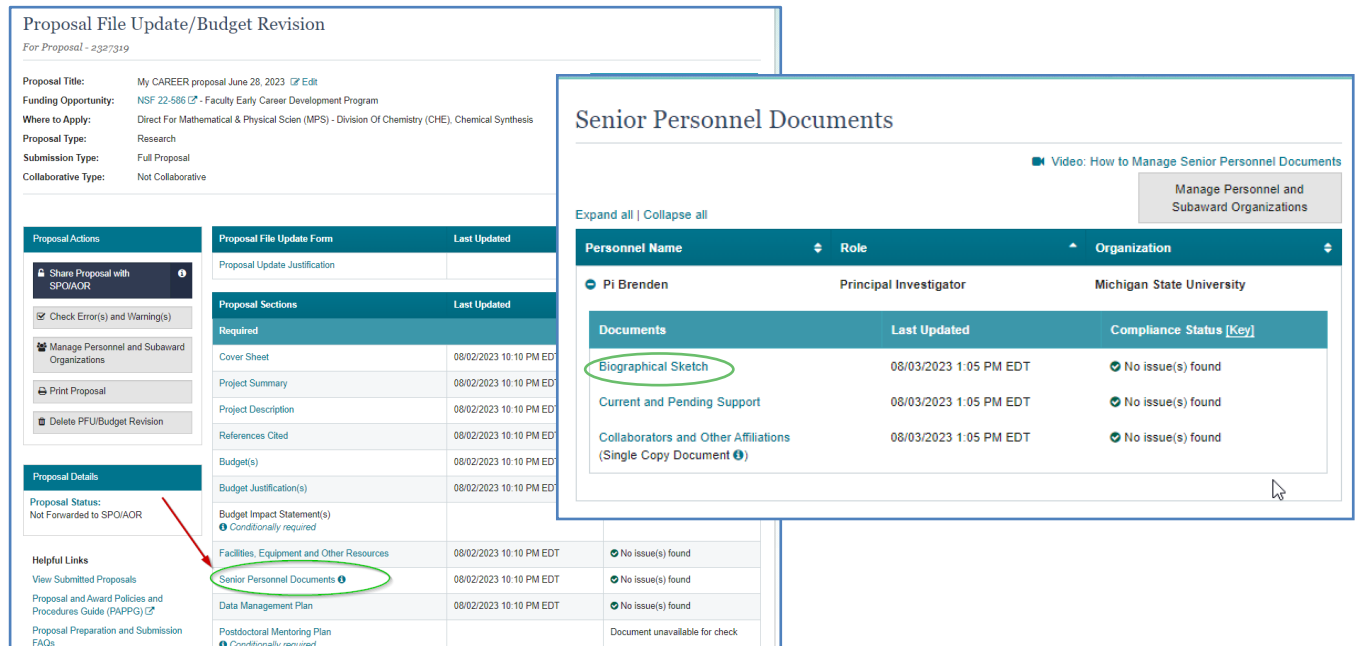

- 2** Locate your proposal and view the **Proposal Status** column on the right. The proposal status determines the proposal file update/budget revision actions available for each submitted proposal.
- If proposal status is "Submitted to NSF (Due Date Passed or Assigned for Review)," you must stop and cannot proceed with a proposal file update. Contact the cognizant NSF Program Officer for further guidance.
 - If proposal status is "Submitted to NSF (Not Yet Assigned for Review)" or "Submitted to NSF (Due Date Passed But Prior to Reviewer Assignment)," you can proceed.
 - Click on the proposal title to start.

- 3** Click the **Update Submitted Proposal** button under Proposal Actions on the proposal main page.
- Proposal status is displayed in the Proposal Details section and determines what can be edited. The following proposal information **cannot** be revised using a proposal file update: Funding Opportunity, Where to Apply, Proposal Type, Submission Type, Collaborative Type, and Due Date.
 - Once you click the **Update Submitted Proposal** button, you will be navigated to the Proposal File Update/Budget Revision Screen.

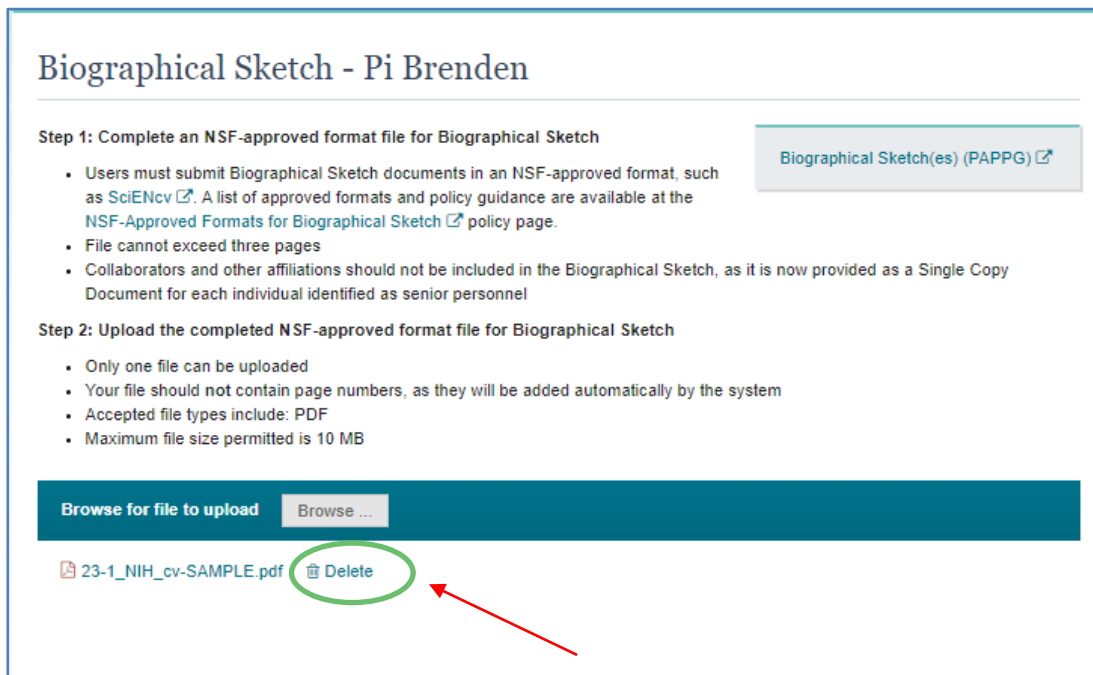

- 4 On the **Proposal File Update/Budget Revision** screen, click on the proposal section you want to update. In this example, the Biographical Sketch in the Senior Personnel Documents section will be updated.

The screenshot shows the 'Proposal File Update/Budget Revision' interface. On the left, there are sections for 'Proposal Actions' (including 'Share Proposal with SPO/AOR', 'Check Error(s) and Warning(s)', 'Manage Personnel and Subaward Organizations', 'Print Proposal', and 'Delete PFU/Budget Revision'), 'Proposal Details' (with 'Proposal Status: Not Forwarded to SPO/AOR'), and 'Helpful Links'. The 'Senior Personnel Documents' link is circled in green. A red arrow points from this link to a larger inset window titled 'Senior Personnel Documents'. This inset window shows a table with columns for 'Personnel Name', 'Role', and 'Organization'. Below this is a table of documents for 'Pi Brenden' at 'Michigan State University'. The 'Biographical Sketch' document is circled in green, and its 'Compliance Status' is 'No issue(s) found'. A red arrow also points from the 'Biographical Sketch' row in the inset window back to the 'Senior Personnel Documents' link in the main interface.

- 5 Click the **Delete** link to replace the file with a new uploaded file. Repeat for all proposal sections you want to update.

The screenshot shows the 'Biographical Sketch - Pi Brenden' upload page. It includes instructions for Step 1 (complete an NSF-approved format file) and Step 2 (upload the completed file). A 'Biographical Sketch(es) (PAPPG)' button is visible. At the bottom, there is a 'Browse for file to upload' section with a 'Browse ...' button. Below this, a file named '23-1_NIH_cv-SAMPLE.pdf' is listed with a 'Delete' link circled in green. A red arrow points to the 'Delete' link.

- **Research.gov Proposal Preparation Demo Site**

All demo site users are automatically given the PI role for demo site purposes, in order to perform the proposal preparation functions that a PI can do in the actual system. The demo site can also be used to check compliance of proposal documents (e.g., Collaborators and Other Affiliations and Biographical Sketch) prior to uploading them in the actual system. Proposal submission is not enabled in the demo site. See the demo site FAQs on the Research.gov [About Proposal Preparation and Submission](#) page left navigation bar for information on demo site access and features.

- **Automated Proposal Compliance Checks**

Automated proposal compliance checks triggering an error message will stop proposal file update/budget revision submission to NSF, whereas checks triggering a warning message will still allow proposal file update/budget revision submission. Expanded compliance checking in Research.gov helps to reduce administrative burden for the research community and NSF staff, as well as minimizes return without review proposals. Refer to the [Automated Compliance Checking of NSF Proposals](#) page for the current automated Research.gov proposal checks.
